

PRODUCT BULLETIN

PB-TE2V170811-01

Date : August 11th, 2017

Subject : Final opportunity for purchasing discontinued Semiconductors products

Dear valued Customer,

In an effort to constantly adapt its product offering to the market requirements, Teledyne-e2v is regularly monitoring its product portfolio and adjusting its manufacturing capability and resources to the demand from the market.

This Product Bulletin is to inform you that Teledyne-e2v intends to stop supporting the products listed herein. The part-numbers listed below have already been subject to a formal EOL notification in the past few years, but were occasionally manufactured and supported from residual inventory.

Customers who would require additional quantities for the affected part-numbers are given a last and final opportunity to purchase them within 90 days from the date of this Product Bulletin, so Teledyne-e2v will support orders received and acknowledged prior to November 11th, 2017. Orders received by this deadline will be manufactured and delivered to Customers on an "As-Soon-As-Possible" basis.

Please contact your Teledyne-e2v Sales Representative for any further information.
